ROAD TO HEAVEN

This image is a breathtaking nightscape taken along the **Million Dollar Highway** in southwest Colorado, a legendary stretch of road between Ouray and Silverton.

In the foreground, the serpentine highway glows with streaks of light, captured as long exposures of vehicles winding through the forested canyon. The curves of the road gleam like molten threads, guiding the viewer's eye deeper into the scene. Towering mountains rise in the background, their rugged peaks faintly lit, with hints of red rock and patches of lingering snow visible under the starlight.

Above it all, the **Milky Way dominates the sky**, stretching diagonally across the frame in a dazzling display. Dense star fields, glowing nebulae, and subtle gradients of light create a cosmic river, echoing the winding path of the highway below. The juxtaposition of earthly roads and celestial trails makes the composition feel both

grounded and infinite—an invitation to journey outward and upward at once.

The overall effect is otherworldly yet unmistakably Colorado: the wild beauty of the San Juan Mountains meeting the vast, star-filled silence of the high-altitude night sky.

This is a Limited Edition of 500 and comes with its own certificate of authenticity.
